Profile

A Software Engineer with 5 years of experience, specializing in Front end and utilizing tools like HTML, CSS, Javascript, Reactjs and Nextjs.

Employment History

Full Stack Engineer, Upwork Freelancer, Lagos

AUGUST 2017 — PRESENT

- Granted a project to create a bicycle builder app without previous knowledge of the builder tools, and then in the end, got a 5-star rating from the client. This is the URL https://www.cyke.life/
- Offered direct employment by a client after carrying out some front end animation work.
- Demonstrated expertise and commitment by undertaking a $100 project as part of an interview process, earning praise from the client and initiation of contract.

Front End Developer, Plato, New York City

MAY 2021 — NOVEMBER 2023

- Steered the ownership and maintenance of the company website. Structuring it such that it requires only about 0 - 10% of a developer's involvement for its update.
- Demonstrated adaptability and quick learning by seamlessly transitioning from front end to support backend work if the need arises.
- Created working scrape scripts for about 100 extension providers, and also worked on solutions to bypass captchas and bot detectors.

Field Service Engineer, IHS, Lagos

JUNE 2017 — FEBRUARY 2021

- Ensured 100% power uptime of 59 sites in my jurisdiction for a month.
- Improved the cluster's performance from PA of 98.7% to 99.86%.
- Rated exceptional performer on 2 years KRA in a row due to my focus and dedication.

Education

Bachelor of Engineering, University of Nigeria, Nsukka, Enugu

OCTOBER 2010 — JULY 2015

Courses

Project Management Professional, PMI

AUGUST 2019 — PRESENT
